Looking for something to do in the July school holidays?

**Wednesday 8th July to Sunday 12th July**

**Between 10am – 4pm**

Help create a beautiful Nature Play area to benefit our whole school!
Please come down to school for an hour or two, or as long as you like!
Bring your gloves, rakes, shovels, wheel barrows, muscles and brains
to help build this playground.

We need an army of helpers who can dig holes big and small, move rocks and logs,
mix cement and mortar, lay pebbles and hand prints in the creek bed,
rake and shift dirt and on Saturday 11th July roll out the new lawn.

We need you all!

If you are bringing the kids we will have the Kindy playground supervised or we can put them to work too! For the grown-ups we will have tea, coffee and morning and afternoon tea available.

If you want to be part of this great school community project or if you would like to donate a plate of nibblies or a cake for morning tea or you have some things in your garden you’d like to give
please call Lisa McGrath on 0412 239 181 to register!

We can plan the work better if we have an idea of who is coming!
